

Ask your GP about endocrinology support

Living with diabetes can be challenging, but we can help.

IPC Health's Endocrinology and Diabetes Service can help you better manage your diabetes and improve your health and wellbeing. Our team includes an endocrinologist, diabetes educator, dietitian, podiatrist, exercise physiologist and wellbeing coordinator.

How we can help

We can help you:

- Better understand your diabetes
- Improve blood sugar management
- Reduce the risk of complications
- Build confidence in managing your health
- Review medications and treatment options

This service is easily accessed at several IPC Health campuses:

- Deer Park
- Hoppers Crossing
- Wyndham Vale
- Telehealth available

If you need more information

Email or call IPC Health:

diabeteswellbeinghub@ipchealth.com.au

Get started by talking to your GP

Endocrinology is a GP referral only service.

Take this flyer to your next appointment and ask:

"Could I benefit from a referral to the IPC Health Endocrinology Service?"

Information for your GP

To make a referral, email:

diabeteswellbeinghub@ipchealth.com.au

Please include:

- Referral letter
- Medical history and medication list
- Recent pathology (HbA1c, lipids, biochemistry, urine ACR)

Adult referrals only.

The service is unable to accept referrals for people under 18 years of age or pregnant women.

At every age and every stage
