Aged Care Services: Home Care Packages

Home Care Packages

The Home Care Package program provides older Australians with long-term support and assistance so they can continue to live independently in their own homes and communities.

There are four levels of packages. One will be assigned to you based on your care needs after completing a My Aged Care assessment.

Once approved, your Home Care Package funds your tailored care plan of supports and services. You can choose who provides the services for your specific needs. The package will give you choice and flexibility in the way that care is provided to you at home.

Our Aged Care team is an approved Home Care Package Provider

We are highly skilled and experienced in delivering the care and support you need so you can stay in your own home for longer, safely and with more independence.

You will be assigned your own IPC Health case manager who will spend time getting to know you to truly understand your needs. They will work with you to develop your own specialised care plan to provide you with the best possible care.

Your care plan may include services such as:

- personal care
- meal preparation
- shopping assistance
- transport
- nursing
- allied health care such as podiatry, dietetics, physiotherapy, or counselling to ensure you are safe and well in your own home

How do I get a Home Care Package?

You, a family member, a trusted friend, or IPC Health (acting on your behalf, with your consent) can contact My Aged Care on 1800 200 422 or via their website at myagedcare.gov.au to start the application process.

My Aged Care provides a free Aged Care Assessment Service (ACAS). A representative will visit you at home to work with you to determine the type of care you need.

Your care needs will determine the amount of funding you receive for your Home Care Package.

We can help you coordinate your package

When you apply for your Home Care Package, let the ACAS representative know that you want IPC Health to be your care provider.

You may be placed on a waiting list but once your Home Care Package is approved, you will receive a letter from My Aged Care. Please contact us when you receive this letter by calling us on 03 7068 0214 or emailing agedcareintake@ipchealth.com.au.
