Audiology

Audiologists provide hearing tests for adults and children.

We can help you if you are experiencing:

- hearing difficulties, including:
 - problems hearing what other people are saying
 - problems hearing when there is loud background noise
 - needing to increase the TV volume
- family history of hearing loss
- ringing sounds in your ear or ears
- ear infections
- dizziness or a feeling of spinning
- speech or language delay
- learning difficulties at school

How can an audiologist help?

Our audiologists can:

- measure your hearing level
- check if there is any fluid behind the eardrum
- provide a report of our tests
- discuss hearing aid options and rehabilitation programs and refer you to appropriate services where required
- provide advice about assistive listening alternative devices such as shaking alarms

If we can't directly help you, we will refer you to a service that can.

Who can use this service?

This service is available for children aged 1 year and older, and adults of all ages.

Is there a fee?

A fee may apply for this service. To learn more, please contact our Client Services team on 1300 472 432.
