Engaging Wyndham Families

Who are we?

Engaging Wyndham Families is an early intervention program supporting local families with children aged from 5 to 17 who need information, support or short-term help with concerns like challenging behaviours.

To make things easier, we can also come to your home, school or community centre.

Working alongside schools and other services in the community, Engaging Wyndham Families delivers a flexible service for your family.

How can we help?

- by understanding your family's needs and linking you to professionals who can help
- by helping you improve your family relations (approximately three to six months)
- by organising follow-up consultations as needed
- by creating referrals and linking you to community services

Who can use this service?

Families with children aged 5 and 17 living in the Wyndham area who are not currently involved with the Child Protection and Family Services programs.

Can I have an interpreter?

Yes, interpreters are free. Please let us know when booking an appointment.
