Engaging Wyndham Families

Engaging Wyndham Families is an early intervention program supporting local families who need information, support or short-term help with concerns like challenging behaviours, learning abilities or wellbeing.

Our Engaging Wyndham Families workers support families with children aged from 5 to 17 years. We can come to you in your home, school or community in a place where you feel safe and comfortable.

We can also refer you to our partner agencies if you have other needs or younger children. Our partners are Caroline Chisholm Society, CatholicCare Victoria and the Victorian Aboriginal Child Care Agency.

We can work with your family by:

- understanding your family's needs and linking you to professionals who can help
- helping you improve your family relationships (approximately three to six months)
- assisting your family when you have concerns or questions about your child's learning abilities, behaviour, routines or difficulty with separation
- organising follow-up appointments as needed
- referring and linking you to community services

Who can use this service?

Families with children aged from 5 to 17 years in Wyndham who are not currently involved with Child Protection and Family Services programs.

Can I have an interpreter?

Yes, interpreters are free. Please let us know when booking an appointment.
